

Installation of grandMA2 onPC

To run the grandMA2 onPC software, it is necessary to copy and install the program files on your PC.

It is possible to perform the installation in every root directory or in the **standard directory** "C:\ProgramData\MA Lighting Technologies\grandma".

To make sure that there are no troubles with the installation, deactivate your safety software.

1. Go to www.malighting.com to download the installation file.
2. Start the file by double-clicking on it.

The installation program opens and you receive hints and detailed information regarding the installation.

Pay attention to the suggested directory and change it if you want to.

The installation directory is not modifiable in the grandMA2 onPC.

After confirmation, the program files will be copied into the selected directory.
