Supported file formats

If you are not sure which format you can save your videos or images in, see the tables below.

Make sure that you are using one of the following formats:

Video file formats

Format and File Name Extension	Licensing
VP8 (.webm)	Not necessary
VP9 (.webm)	Not necessary
MPEG-2 Elementary Stream (for example .mpv, m2v)	Additional license required
MPEG-4 (.avi, .mov)	Additional license required

Image file formats

Format and File Name Extension
Bitmap (.bmp)
JPG and JPEG (.jpg, .jpeg)
CompuServe GIF (.gif)
Portable Network Graphics (.png)
Tagged Image File Format (.tif, .tiff)

If you are using a file format that is not listed above, convert your file first before importing it into the grandMA2.
