

Windows installation

To run the grandMA3 onPC software, copy and install the program files on your PC.

The installation is possible in every root directory or in the **standard directory** "C:\Program Files\MALightingTechnology".

To download the grandMA3 software:

1. Go to www.malighting.com, click **Downloads**.

Website malighting.com Downloads

2. Click **grandMA3** in the bar on the left.

grandMA3 section

3. Click **Software + Release Notes** to find the latest software version.

grandMA3 Software section

4. Click grandMA3 onPC Software x.x.x.x for Windows to download the desired installation package.

The download process starts.

- To open the zip file, double-click it.
- Go to the subfolder "ma".
- Double-click the installation program grandMA3_onPC-vx.x.x.x.exe.
- Confirm with Execute.

The installation program opens:

- Click **Next**. The End User License Agreement (EULA) appears:

- Click **I Agree** to accept the agreement.

The Install Location window appears:

Watch out for the suggested directory and change it if you would like to do so.

The standard directory for the resources and user files is "C:\Program Files\MALightingTechnology".

To learn more about the folder structure, read the **Folder Structure topic** in **File Management**.

To confirm the installation directory, click Install.

The program files are copied into the selected directory.

Click Next to finish the installation.

At the end of the installation process, you can choose to set a link to the terminal app or not.

It is disabled by default.

Click the checkbox if you want to create a desktop link to the terminal app.

grandMA3 onPC for Windows

As soon as the installation is finished, the MA icon appears on the desktop.

If several versions of the software have been installed, several subfolders are created in the main folder "C:\ProgramData\MALightingTechnology".

The MA icon on the desktop will always link to the latest version:

This is the main app.
