Additional requirements:

- Make sure your Windows® always runs using the latest service pack and updates.
- To save a grandMA2 show file as a grandMA3 show file, Windows® 10 is required. For more information see Save as grandMA3.
- To use the online help and to download the latest version of grandMA2 onPC, you need internet access.
- To save to a USB stick, you need a USB 2.0 or 3.0 port.

We recommend that you visit your PC manufacturer´s website for information about updated drivers and hardware compatibility.
